Erysipelas and Scrofula All My Life. In Cloths For Weeks. Blisters Size of Peas. Burned Like Fire. No Rest or Sleep.

Tried Three Doctors. Did No Good. Got Cuticura. Immediate Help. Entire Cure in Three Months.

I have been troubled with Erysipelas and Scrotola all my life. Recently my limbs came out in red spots from the size of my hand down to the merest pimple. Some of them would fester a little, but mostly fire red, and the large spots looked more like raw best, and would raise up quite a little from the surface. There would be blisters come as large as peas in different places with the rest. It was all over my limbs from my feet to my body, across my shoulders, and my arms, hands and wrist had to be done up in cloths for weeks, and they would itch and barn as though I was after, and there was no sleep for me, and my limbs swelled a good deal, I tried three doctors, but did me no good. Fluidly a friend recommended Cumera Brats-lifes, and my husband got them. I gave them a thorough trial, and they helped me right off in three meaths thus I was all well. Now this was three years ago this spring. I have used also seems howers of Curretta, and have taken nearly a dozen bottles of the Curretta Rissistated and have taken nearly a dozen bottles of the Curretta, and kave taken nearly a dozen bottles of the Curretta Rissistate. west, and the Correcta Soar Luse entirely, and there is no other like it for both and tellet. Mrs. W. B. SPRING Geneva, Astabula Co., Obio.
